Henderson's "Maytime" Collection OF 10 LONG-STEMMED MAY-FLOWERING TULIPS

To further extend among our friends knowledge of the beauty and charm of these superior bulbs we offer these collections at a very attractive price. We have, in anticipation of a large sale, arranged for an extra large importation from Holland of these varieties.

Yellow Perfection (Breeder), Clara Butt (Darwin), La Tulipe Noir (Darwin), Bronze Queen (Breeder), William Copeland (Darwin), Gesneriana (Cottage), Mahony (Breeder), Picotee (Cottage), John Ruskin (Cottage), Markgraff von Baden (Parrot).

(See pages 1 and 2 for descriptions)

PRICES OF COLLECTIONS

Collection "E," 30 Bulbs, 3 each 10 varieties	\$2.00
Collection "G," 120 Bulbs, 12 each 10 varieties	7.50
Collection "H," 500 Bulbs, 50 each 10 varieties	30.00

Henderson's "April Shower"

COLLECTION OF 6 SINGLE AND DOUBLE EARLY TULIPS

Single and Double Early Tulips are the earliest Tulips to bloom and if planted in conjunction with the Darwin and Cottage Tulips a brilliant garden display can be kept up for two months. They may be planted in beds, or in groups among other hardy plants; but if in beds care must be taken to choose those varieties which bloom at the same time.

Joost von Vondel (Single Early), Golden Queen (Single Early), Prosperine (Single Early), Murillo (Double Early), Imperator Rubrum (Double Early), Couronne d'Or (Double Early).

(See descriptions on pages 3 and 4.)

PRICE OF COLLECTIONS

Collection "K," 36 Bulbs, 6 each of 6 varieties	\$3.00
Collection "L," 150 Bulbs, 25 each of 6 varieties	12.00

Our NOVEMBER SHIPMENT includes *Lily-of-the-Valley*, *Hardy Lilies* and *Roman Narcissi*.

Henderson's New Giant Darwin Tulips

See Color Plate
Opposite

Darwin Tulips are exceedingly effective when grown in the garden or herbaceous border with a background of greenery. The beauty, hardiness and perpetuity of Darwin Tulips has made them very popular. As cut flowers they are unsurpassable, the long-stemmed bold, durable flowers having a dignity and character exclusively their own. The varieties marked * are especially good for winter flowering and forcing.

To aid in making selections of varieties for continuity of bloom, etc., we have indicated their relative time of flowering by the letters E, F, G, H, and I. The E's being the earliest to bloom. The height is also given, but may vary. The bulbs should be about 5 inches apart and base of the bulbs should be 5 to 6 inches deep on heavy soils and 6 to 7 inches deep on light soils.

Per doz. Per 100

*Anton Rooden. (F-24 in.) Large cup-shaped flower of bright rose pink edged with blush pink, strong grower.....	\$1.25	\$9.00

We can supply single bulbs of any of the sorts described above at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.

HENDERSON'S LATE OR MAY—FLOWERING COTTAGE TULIPS

See Henderson's "Maytime" collection of 10 long-stemmed May-flowering Tulips on page 2 of the cover.

Cottage Tulips are so-called because many of them were found growing in the old cottage gardens of England, Scotland, Ireland and France where they had been established for 50 years or more. All are very beautiful, presenting a great variety in form and coloring, and having none of the stiffness of other tulips. For cutting they are greatly prized on account of their long stems and graceful habit. Being extremely hardy they are specially adapted for hardy flower borders, where they should be planted in large clumps and masses. To aid in making selections for continuity of bloom, etc., the relative time of flowering is indicated by the letters E. F. G. H and I. Those marked E being the earliest. Those marked I are the latest to bloom. The normal height is also given in inches. In planting the bulbs should be placed 5 inches apart and the bottom of the bulb should be 6 to 7 inches below the surface in light soils and 5 to 6 inches deep in heavy soils. If planted too shallow some may come blind. The varieties marked * are especially good for winter flowering and forcing.

HENDERSON'S Superior Double Early Tulips

Named Varieties including Beautiful Novelties

The letters A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest; B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 5 to 6 inches apart—and the depth should be according to the soil, in heavy soils 3 to 4 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for Winter blooming will be found in our leaflet "How to Grow Bulbs" sent free with every order.

Boile de Neige. B-10 in. Magnificent large peony-like flowers of pure white; Doz. Per 100 forces splendidly..... \$1.25 \$9.00

Crown of Gold. (*Couronne d'Or.*) B-12 in. Large flower, very double, rich golden-yellow, shaded orange. A fine garden tulip and one of the best double yellows for winter forcing. (See colorplate on page 2 of cover)

Crown of Roses. (*Couronne d's Rose.*) C-12 in. A magnificent tulip; large, very double rose-carmine color, shaded cerise, fine bedder.

Gloria Solis. B-14 in. A grand flower, deep crimson, with broad golden margin, very large.

Imperator Rubrom. B-14 in. Splendid bright scarlet, yellow base, a fine full double. A fine Tulip for bedding and the finest of all double scarlets for forcing for winter flowers. (See colorplate on page 2 of cover)

La Candeur. C-10 in. Pure white, very large, good for bedding.

La Grandesse. B-12 in. Grand double flowers of carmine-rose toning off to blush pink at center of petals; tall grower.

La Matador. C-12 in. A grand large double tulip of glowing scarlet.....

Laat Von Haarlem. C-12 in. A large, very double tulip of conspicuous rosy violet; a brilliant and unique shade.

Murillo. (*Albino.*) B-10 in. Magnificent blush white, shaded rose, large full double flowers; the finest double light pink for garden beds and unrivaled for winter flowering, forcing very easily. (See colorplate on page 2 of cover)

Rose d'Amour. C-10 in. Medium sized double flowers of blush pink changing with age to deeper rose-pink, a lovely color.

Rubra Maxima. B-10 in. Dark, dazzling carmine-scarlet, lower half outer petals flamed with green.

Safrano. (*Sulphur Beauty; Brimstone or Tea Rose.*) B-12 in. A beautiful new large flowering double tulip, opening pale yellow flushed salmon, but developing a rosy apricot color.

Salvator Rosa. B-12 in. Beautiful deep rose flamed with blush; a fine large double flower suitable for either gardens or forcing.

Schoonoord. B-12 in. A beautiful large double snow-white sport of Murillo. The best double white.

Titian. C-12 in. Rich deep scarlet with a golden edge.....

Toreador. B-10 in. Reddish-orange with rich yellow border; a splendid large, very double flower.

Tournesol. B-10 in. Splendid showy Tulip, bright scarlet with broad yellow tips and yellow base. Very large double flower. The easiest double Tulip to force....

Tournesol, Yellow. B-12 in. Bright golden yellow, shaded orange. Very fine and showy flower, forces well. One of the finest doubles.....

Vuurbaak. B-11 in. Fiery orange-scarlet very brilliant and handsome.....

HENDERSON'S Special---Rainbow Mixture of Double Early Tulips. This is a very superior mixture made up from Named Sorts with proper proportions of bright colors. All of uniform height and blooming together, extra fine bulbs. Price, 60c per doz., \$4.50 per 100. \$40.00 per 1000.

We can supply single bulbs of varieties described above at one-tenth of the dozen price.

SINGLE
ALBION

HENDERSON'S SUPERIOR SINGLE EARLY TULIPS

NAMED VARIETIES, INCLUDING BEAUTIFUL NOVELTIES

The letters A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest, B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds.

Tulips are universal favorites because of their beauty of form and variety of coloring. Their colors vary from dainty tints and blendings to strong and gorgeous colorings. They are most popular for spring bedding, and for winter flowering in the greenhouse and window garden they are very desirable. The Tulip is extremely hardy and of easy culture, blooming as freely and producing as fine flowers in a confined town garden as in a more favored place. Where beds of Tulips are to be kept gay from the earliest day of spring, plant between the lines Scilla Sibirica, Chionodoxas. Snowdrops or Crocus, as these flower first and are through when the Tulips come into bloom, leaving a charming ground work of greenery for the Tulip blossoms.
Albion (White Hawk). (C-12 in.) Very large snow white flowers; one of the finest whites in cultivation for either bedding or forcing..... \$1.00 \$7.50

HENDERSON'S SPECIAL RAINBOW MIXTURE OF SINGLE EARLY TULIPS

Mixed by ourselves from named sorts, proper proportions of bright colors, all blooming together and of uniform height; extra fine bulbs, much superior to the ordinary mixtures, which are too often made up of surplus varieties and seconds regardless of bedding effect. Price, 60c. per doz.; \$4.50 per 100; \$40.00 per 1000. 250 sold at the 1000 rate.

We can supply single bulbs of the varieties described above at one-tenth of the dozen price.

We supply 6 Bulbs of one variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate.

HENDERSON'S GRAND NEW EXHIBITION HYACINTHS

Single Belled Varieties---"Top Roots"

PRICE 35c. EACH, \$3.50 PER DOZEN

Arentine Arendsen. A new early snow-white variety; large broad petalled bells and splendid erect spike.

Bismarck. A grand new variety producing a large spiked well furnished with immense bells of charming light blue shaded with violet; very early.

City of Haarlem. The best and largest yellow; splendid well-filled tall spike; good big bells of bright buttercup yellow.

Correggio. Large fleshy snow-white bells forming a perfect truss of great beauty and size; very early.

Enchantress. Large pure "baby blue" bells, compactly filling the tall handsome well-rounded spike.

General De Wet. A pink sport of Grand Maitre, usually throwing two or more strong, well-filled spikes. Color, lively pink with a white throat.

General Vetter. This makes the largest spikes of all hyacinths, it grows pyramidal in form with large bells of lovely blush white.

Hofgaertner Kunert. Exquisite soft pink and blush; large bells and truss.

Ivanhoe. Glossy purplish indigo with a white throat, tall spike and large bells.

Jacques. This beautiful hyacinth is known in our trial grounds as "The Big Pink," the spike being very large, tall and well-filled with very large bells of an exquisite shade of warm rose-pink.

Lady Derby. Unusually large thick waxy bells of the loveliest shade of rose pink; spike ideal, strong, tall and well-filled.

Lord Balfour. Enormously large broad spike of big waxy bells; coloring attractive and unique; claret-purple edged reddish mauve.

Menelik. The darkest of all hyacinths, being almost black; the best and most brilliant of its color; fine large truss.

Perle Brilliante. Splendid large spike of big waxy bells; color sparkling lavender with outside tintings of ultramarine blue.

Queen of Whites. Large waxy bells of purest white; tall full truss of perfect form.

Queen Wilhelmina. A very pleasing shade of vivid pink; large, sturdy, well-formed truss and fine bells; early.

Ruby. Brilliant ruby-red bells on a tall spike, well filled, very distinct.

Victor Emanuel. Brilliant deep rose, splendid large truss, one of the largest belled varieties of its color.

Double Belled Varieties---"Top Roots"

Chestnut Blossom. Exquisite blush pink shading to deeper rosy pink; bells very large and double, forming a large fine spike.

Delicate. Exquisite porcelain bells touched with light blue, bells very large and double, spike fine.

Edison. Splendid large, double bells of rosy flesh color; fine tall spike.

Grandee. An extra fine variety, beautiful large double bells of pure white; grand spike.

General Kohler. Large very double bells of deep, bright blue, on a tall spike.

Princess Metternich. Very large double bells of rosy white, tall erect, well-filled spike.

President Roosevelt. A fine new variety producing large double bells on a big compactly filled spike, color lively rose-pink.

**HYACINTH
GLASSES**

Hyacinths grown in glasses of water are charming ornaments for parlor windows, and the ease and success in flowering bulbs in this way add greatly to their popularity. Furnished in the following colors; green, blue, amber or crystal, 30c. each, \$3.00 per doz. (See illustration.) (Not mailable.)

Sir Rowland Hill. The best double yellow, really fine double bells of bright rich yellow; good full spike.

Victoria. Large very double bells of an attractive purplish wine color.

**PRICE—30c. EACH,
\$3.50 PER DOZEN**

Collection A. 1 each of the 18 Single Belled Varieties, \$5.00

Collection B. 1 each of the 9 Double Belled Varieties, \$2.50

EXHIBITION HYACINTHS—SINGLE BELLED

HENDERSON'S SUPERIOR Named Single Dutch Hyacinths

All "Select First Size Bulbs"—not "Seconds" that are offered at lower prices.

For bedding purposes varieties that flower at the same time must be selected. Varieties prefixed with a * are especially suited for bedding as well as for pot culture. The figures 1, 2, 3 and 4 after the names of Hyacinths indicate the relative time of flowering—the 1's flower together and are the earliest, the 2's following; No. 4 the latest.

PRICE—30c. EACH, \$3.00 PER DOZEN, \$22.00 PER HUNDRED

SINGLE DARK ROSE AND RED HYACINTHS

Distinction (3), very rare and unique coloring, ruby-red striped garnet with a velvety finish; spike compact and well filled.

***Garibaldi** (1), rich glossy crimson; splendid spike, well furnished with good sized bells; early and a fine forcer.

***Gen. Pelissier** (1), crimson scarlet; very early and easily forced.

***Gertrude** (3), bright carmine rose; fine compact, upright spike, excellent for either bedding or forcing.

***King of the Belgians** (3), (Roi des Belges) brilliant blood scarlet; fine, upright spike, splendid bedder.

SINGLE BLUSH AND PINK HYACINTHS

Cardinal Wiseman (4), large spike filled with large lively pink bells.

***Gigantea** (2), a popular old variety, a fine forcer; color blush pink, shaded darker; spike large and compact.

***L'Ornament** (3), soft flesh-pink kissed with deeper rose-pink; splendid big round spike of large bells.

Moreno (2), bright pink, large bells and tall well-filled spike, splendid for both bedding and forcing.

SINGLE PURE WHITE HYACINTHS

Albertina (2), an early large belled pure white, fine spike, good forcer.

British Queen (2), a grand new pure white with a large, broad full spike of immense waxy bells.

La Grandesse (3), purest snow white, tall well furnished spike of large bells; always admired.

***L'Innocence** (3), a very fine, pure white, spike massive; bells large.

SINGLE TINTED WHITE HYACINTHS

Grande Blanche (2), a very large spike of large waxy bells of pleasing blush white.

***Grandeur à Merveille** (2), a popular variety with a large spike of blush white bells.

***Mr. Plimsol** (3), an old but good variety with large bells of blush white; large broad spike.

SINGLE LAVENDER AND LIGHT BLUE HYACINTHS

Czar Peter (3), extra fine lavender blue tinted with porcelain; tall finely formed spike and big bells.

***Grand Maitre** (2), deep lavender blue with darker blue shading; very large and handsome spike.

Grand Lilas (2), an old reliable producing a large spike of large bells; color silvery porcelain and lavender.

***Johan** (2), beautiful silvery lavender tinged with rosy lavender; very large waxy bells and a grand broad spike.

***Queen of Blues** (4), beautiful sky blue with a silvery sheen; large well topped full spike; not early but grand.

SINGLE DARK BLUE AND PURPLE HYACINTHS

***King of Blues** (4), dark glossy indigo blue, fine bells, compactly furnishing a tall well-rounded spike.

***Marie** (2), dark violet blue, large well-formed spike, good bedder.

Prince of Wales (4), dark blue with distinct white eye, very striking; large spike.

Sir Wm. Mansfield (2), ruby violet, splendid bells and truss.

SINGLE YELLOW AND ORANGE HYACINTHS

***Buff Beauty** (2), distinctive rosy buff fine bells and truss.

***Daylight** (2), good big broad bells of primrose yellow, tall well-filled spikes.

***King of Yellows** (4), rich deep yellow; tall handsome spike of large bells not early.

Marchioness of Lorne (4), rosy salmon.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

HENDERSON'S SUPERIOR Double Dutch Named Hyacinths

All Select First Size Bulbs, not "Seconds" that may be sold at a lower price.

Double Hyacinths are not as popular as the single-bellied varieties; for as a class the "doubles" although their individual bells are large and beautiful do not make as well-filled trusses. For this reason we confine our list of varieties to a few of the very best. The figures 1, 2, 3 and 4 after the names of Hyacinths indicate the relative time of flowering—the 1's flower together and are the earliest; No. 4 the latest.

PRICE—30c. EACH, \$3.00 PER DOZEN, \$22.00 PER HUNDRED

DOUBLE WHITE AND TINTED HYACINTHS

Bouquet Royal (2) pure white double bells with yellow center; fine spike.

Isabella (2), white suffused with rosy blush, enormous double bells and large well-filled spike.

La Tour d'Auvergne (1), an old favorite early variety and still hard to beat; double pure white bells on tall spike.

DOUBLE YELLOW AND ORANGE HYACINTHS

Goethe (2), a popular old variety salmon yellow with pinkish center; double bells and good spike.

Jaune Supreme (4), deep yellow tinted with salmon, good spike.

Sunflower. Splendid deep buff-yellow.

DOUBLE RED ROSE AND PINK HYACINTHS

Groot Voorst (3), large very double bells of blush pink with darker center; good spike.

Noble par Merite (3), deep pink; very large fine double bells, tall spike; good forcer.

Princess Alexandrina. Bright deep rose with purplish red center.

DOUBLE LAVENDER, BLUE AND PURPLE HYACINTHS

Blocksburg (4), light blue shaded darker blue; double bells on tall spike.

Gerrick (2), deep rich blue with lavender tintings; extra large double bells; fine spike.

Von Speyk (2), lavender tinted with azure blue; fine compact spike of double bells.

Henderson's "Special" Hyacinths

FOR BEDDING OR POT CULTURE WITHOUT NAMES—CHEAPER THAN NAMED VARIETIES—
FAR BETTER THAN MIXED

Henderson's Special Hyacinths (equally useful for garden, bedding and borders, or forced for winter flowering in pots or pans) are larger sized bulbs than those put in ordinary mixtures. They are the same age as the first size Named Hyacinth offered by us from which these are the second selection. They are of great value for bedding in designs, enabling one to obtain the exact color effect which is a great advantage over mixed reds and mixed blues. In beds, borders, etc., set the bulbs 5 to 6 inches apart and 4 inches deep measuring from the top of the bulb. They are much used for winter blooming in pots. Plant or pot hyacinth bulbs between September and the last of November—the earlier the better—as it gives them a longer period to make roots before winter sets in and the flowers will be better developed.

Plant 1 bulb in a 5-in. pot, 3 bulbs in a 6 or 7-in. pot, 6 or 7 bulbs in an 8-in. pot or pan.

PRICE—20c. EACH, \$2.00 PER DOZEN, \$15.00 PER HUNDRED

HENDERSON'S SINGLE CRIMSON, ROSE PINK, SNOW WHITE, LAVENDER BLUE, DARK BLUE, YELLOW, MIXED COLORS.

HENDERSON'S DOUBLE DARK ROSE, PINK, SNOW WHITE, LAVENDER BLUE, DARK BLUE, YELLOW, MIXED COLORS.

EARLY ROMAN HYACINTHS

Roman Hyacinths are exceedingly popular and invaluable for winter flowering in the house in pots or pans, and are also extensively used for "forcing" for cut flowers. The white Roman Hyacinth is the earliest, best and most flourishing variety, though the pink, rose, and light blue are very beautiful and supply a variation of color.

They are all easily grown in pots of soil and if potted in September, the pots plunged in the open ground for a month until the bulbs are well rooted, and then brought in the house they can be had in flower in November or December, and from that time throughout the winter a continuous succession of delightful flowers may be enjoyed by bringing in from the plunge or cellar a pot or two of the rooted bulbs at intervals of about two weeks. A five-in. pot is large enough for 3 bulbs, a six-in. pot or pan for 6 bulbs, a seven-in. pot or pan for 8 bulbs. Roman Hyacinths are not hardy enough for open ground planting north of Washington, but where the winters are mild, especially if lightly protected with mulch they thrive excellently in the garden.

Special Notice to Daffodil Lovers

Everybody loves Daffodils and Narcissus and we, with others, regret exceedingly the ruling of the Federal Horticultural Board, known as QUARANTINE No. 37, prohibiting their importation after December 31st, 1925, because the Federal Horticultural Board at Washington, has decided that there is danger of spreading certain plant diseases if the importation of Narcissus and Daffodils is allowed to continue.

All Bulb Growers and dealers are of the opinion that inspection of imported Bulbs by competent men, would avert all danger of plant infection; and they think that the extreme measures about to be enforced are not necessary.

Daffodils and Narcissus are mostly imported from Holland and already the growers over there have restricted the areas usually set aside for their

production next year. This means that an unusually large quantity will be imported into America this year, the last year of grace, and even if it were to come about, that the ban against their importation was raised, there will be a great scarcity for some years to come, and a great advance in the prices of the Bulbs.

We therefore advise all of our customers who love Daffodils to order Daffodils, and all the other Bulbs they may require as soon as they receive this catalogue.

This will insure to customers who avail themselves of this opportunity, a supply of the "cream" of the various stocks offered, as they are always the first to be disposed of by the growers.

Henderson's Imported Narcissus, Daffodils and Jonquils

With the exception of the Polyanthus varieties all are hardy, grow, increase and flower year after year. They may be grown in garden beds or in herbaceous borders. The early sorts commence blooming in March and with a selection of mid-season and late flowering kinds an endless succession of bloom may be enjoyed well into May. As cut flowers Narcissus are especially useful, being of lasting quality and vasing beautifully. The bulbs may be left undisturbed for several years on good loamy soil. Narcissus and Daffodils are also flowered in the greenhouse or window in pots, pans and flats of soil.

Double Trumpet Daffodils

	Per doz.	Per 100
Alba Plena Odorata (6). "The Double White Poet's Narcissus."		
Double snow-white flowers, scented; late flowering; height 15 in.	\$.90	\$7.00

<i>We can supply single bulbs of the varieties described above at one-tenth of the dozen price.</i>		

Six Bulbs of a Variety Sold at the Dozen rate, 25 at the Hundred Rate .

The Incomparable Daffodils

NARCISSUS INCOMPARABILIS

The Incomparabilis Group are garden hybrids between yellow Trumpets and Poeticus. They are all perfectly hardy, thrive under garden culture or for flowering in the house in winter. The flowers are all large, often 4 inches across and are borne freely on long stems. (See illustration.)

	Per doz.	Per 100
Autocrat (3). Large star-like perianth, deeper yellow bowl-like crown; free flowering and vigorous; height 20 inches.....	\$1.35	\$10.00
Beauty (4). Every flower of fine lasting substance; pure rich yellow throughout; edged with orange red at mouth of crown; height 23 inches.....	1.35	10.00
Lucifer (3). A large flowering new variety with white perianth and cup of glowing red-orange; strong grower; height 18 inches.....	1.25	9.00
Sir Watkin (2). An old and popular variety; the flowers often measure 5 inches across; a good doer and free bloomer; perianth yellow, crown yellow; 21 inches. (See colorplate page 3 of cover)	1.50	12.00
Stella (3). White perianth and yellow crown; very popular for naturalizing.....	.80	6.00

THE INCOMPARABLE DAFFODILS

“Poets” or Pheasant’s Eye Narcissus

NARCISSUS POETICUS

This section, Narcissus Poeticus, has instead of a trumpet or crown, a small wide mouthed cup. All are hardy, producing long stemmed fragrant flowers that are prized for cutting. They thrive in gardens, or naturalized in grass or semi-wild places. By mixing the early and late flowering sorts a continuous display of bloom may be enjoyed for weeks. (See illustration.)

	Per doz.	Per 100
Glory (4). A grand new variety producing immense snow-white flowers of perfect form; cup yellow, edged red.....	\$1.35	\$10.00
Grandiforus (5). A new and large type of the late flowering Poeticus; very large and handsome flowers; pure white and yellow cup suffused with crimson; height 19 inches.....	1.25	9.00
King Edward VII (Almira) (5). A new large flowering variety, with a broad white flower of great substance; yellow cup edged red; 15 inches.....	1.35	10.00
Ornatus (4). The early flowering Poeticus so popular for winter forcing as well as for gardens and naturalizing; splendid large white flowers with saffron cup margined scarlet; height 13 inches. (See colorplate page 3 of cover)80	6.00
Poeticus (6). The original late flowering “Pheasant’s Eye” variety so popular for gardens and naturalizing; pure white flowers with orange cup, edged with red; height 15 inches. Per 1,000 \$37.00	.60	4.00

POET’S NARCISSUS

The “Chalice Cup” Daffodils

NARCISSUS LEEDSII

The fragrant “Silver Winged” Leedssii are hybrids between white Trumpet Daffodils and Poeticus. They comprise forms similar to both the Incomparable and Barri groups but the Leedssii’s all have white perianth petals and white, cream or very pale citron crowns. (See illustration).

	Per doz.	Per 100
Katherine Spurrel (4). A grand new variety; beautiful form and splendid substance; broad overlapping perianth petals of snow-white and a delicate canary colored crown; an especially fine cut-flower.....	\$1.25	\$9.00
Mrs. Langtry (4). A free flowering variety, each bulb usually producing several flowers; broad white perianth, and white cup opening pale primrose.....	.80	6.00
White Lady (4). A grand new giant flowering variety. Virtually a <i>White Sir Watkin</i> . Large, broad, pure white perianth, and a bold frilled cup of pale citron passing to white; height 15 inches. (See colorplate page 3 of cover)	1.25	9.00

THE CHALICE CUP DAFFODILS

The Crown Daffodils

NARCISSUS BARRI AND BURBRIDGEI

This group is the result of garden crosses between the Trumpet, Poeticus and Incomparabilis varieties. All are hardy, producing long-stemmed fragrant flowers that are prized for cutting. They thrive in gardens, and for naturalizing in grass or semi-wild places they are magnificent. For winter flowering in pots or pans of soil they are beautiful.

	Per doz.	Per 100
Albatross (4). A large handsome flower, perianth white, cup pale citron-yellow prettily frilled and edged orange-red; height 18 ins.	\$1.35	\$10.00
Barri Conspicua (4). Broad spreading yellow perianth; crown edged with orange-scarlet; a robust strong grower; height 20 in. (See colorplate page 3 of cover)80	6.00
Flora Wilson (4). A large pure white perianth; yellow crown deeply stained with orange-red; strikingly beautiful; height 20 in.	1.35	10.00
Sea Gull (2). One of the largest and most beautiful in this class; pure white spreading perianth cup canary edged apricot; height 21 inches.....	1.35	10.00

The numbers following the names indicate their relative earliness: (1) 1st early, (2) 2nd early, (3) mid-season, (4) late, (5) very late.

We can supply single bulbs of the varieties described above at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.

PAPER WHITE POLYANTHUS NARCISSUS

NARCISSUS JONQUILLA OR JONQUILS

Much prized for their delicately scented small golden flowers, perfectly hardy in garden or naturalized, also admirably adapted for winter flowering in pots of soil.

	Doz.	100	1000
Single Jonquil (5). The well-known favorite. Rich, yellow, very fragrant; height 14 inches.....	\$0.50	\$5.50	\$30.00
Double Jonquil (5). Heads of small but very double deep golden-yellow flowers, powerfully scented.....	1.00	7.50	
Campennelle (2). Large yellow flowers, 4 to 6 on a stem; fine for forcing; height 18 inches.....	.80	6.00	55.00

CHINESE SACRED NARCISSUS

The "Shui Sin Far" or Watery Fairy Flower, Jos Flower or Flower of the Gods, etc., as it is called by the Celestials, is a variety of *Narcissus*, bearing in profusion chaste flowers of silvery-white, with golden-yellow cups. They are exquisite beauty and entrancing perfume.

The bulbs, of large size and great vitality, are of luxuriant growth, producing several spikes of flowers; the incredibly short time required to bring bulbs into bloom (about six weeks after planting) is one of the wonders of nature.

They should be grown in a moist atmosphere where the temperature does not go above 65 degrees.

They do well in pots of earth, but are more novel and beautiful grown in shallow bowls of water, with enough fancy pebbles to prevent them from toppling over when in bloom. A dozen bulbs started at intervals will give a succession of flowers throughout the winter. Price, largest true China-grown bulbs, 25c. each, \$2.50 per dozen.

THE HARDY CLUSTER-FLOWERED DAFFODILS

NARCISSUS POETAZ

These new hybrids between *Poeticus* and *Polyanthus* are hardy, healthy, strong growers, some of the varieties attaining a height of 2 feet. The *Poeticus*-like flowers are borne in clusters like the *Polyanthus*. They soon form large luxuriant clumps. (See illustration.)

	Doz.	100
Alsace (3). Pure white with yellow cup, having a slight reddish edge when newly opened; broad large flower usually 3 to a stem.....	\$1.25	\$9.00
Elyra (4). A large flower of remarkable substance, 3 to 4 borne on long stems; 2 to 3 stems to a bulb; fine for cutting; color pure white with yellow cup; strong grower and free flowering; height 24 inches. (See colorplate page 3 of cover)	1.25	9.00
Irene (4). Yellow perianth with deep golden yellow cup; broad flower borne 7 to 8 on a stem; 3 stems to a bulb. The largest yellow.....	1.50	12.00

We can supply single bulbs of the varieties described above at one-tenth of the dozen price.

Polyanthus Narcissus

The *Polyanthus* varieties of *Narcissus* are deliciously sweet scented, of the easiest culture, very free flowering and continue long in bloom; bearing from six to one dozen flowers each. The pure white petals and gold cups of some varieties, the yellow with deep orange cups of others and the self whites and yellows render them great favorites. South of the freezing belt they are splendid for gardens and "naturalize" well. For growing in pots or pans of soil, they are especially adapted and can be had in flower in the house from Christmas throughout the winter by bringing the pots of rooted bulbs in from the frame or cellar every week or two.

ALL YELLOW POLYANTHUS NARCISSUS

Grand Soleil d'Or. Clusters of golden-yellow flowers with orange cups.....
Queen of Yellows. A splendid variety, large round flowers with broad overlapping petals of bright yellow with orange cups; many of these flowers are borne on a stalk, thus forming a big cluster; very free bloomer.....

Paper White "Grandiflora" or Large Flowering. This large flowering type is such an improvement over the ordinary "Paper White" that we have discarded the latter. The "Large Flowering" is more vigorous and earlier, producing purest snow white flowers of large size and good substance in large trusses. It is used for early forcing for cut flowers being brought in without difficulty by Christmas, and even earlier. (See illustration.)

MIXED NARCISSUS AND DAFFODILS

For Naturalizing in Borders, Wild Gardens, etc.—These are a Special Mixture of All Varieties, grown in Holland particularly for our trade which we offer at exceptionally low prices to encourage liberal plantings. They are very suitable for growing in masses for garden decoration, and are particularly adapted for mixed borders, "naturalizing" in shrubbery by woodland walks, in woods by streams and lakes and semi-wild, outlying grounds. They are perfectly hardy and will flourish and increase for many years. Price, 70c. per doz., \$5.00 per 100, \$40.50 per 1000.

NARCISSUS POETAZ ELVIRA

The numbers following the names of the varieties indicate their relative earliness; (1) 1st early, (2) 2nd early, (3) mid-season, (4) late, (5) very late.

"Henderson's Bulb Culture." This is a book of 68 pages, size $7\frac{1}{2} \times 9\frac{1}{2}$ inches. This year we have gotten out a new edition with 32 pages of illustrations. The price postpaid is 75 cents and we also send it free with every order for bulbs, amounting to three dollars or over.

LILUM SPECIOSUM

"A Book About Lilies"

By H. S. Adams. Classification, peculiarities of varieties and culture indoors and in the garden. Price, \$1.25.

HENDERSON'S SELECTED LIST OF HARDY LILIES

Lilies commence flowering in June and with the various species maintain a continuous and unbroken succession of bloom until autumn. They are also excellent subjects for the shrubbery border. Most Lily bulbs, being of late maturity, are not ready before October and November (the best time to plant them). Where the ground is liable to freeze up before the late lilies arrive it should be mulched with 6 or 8 inches of leaves or manure so the bulbs may be planted on arrival.

Auratum

(The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the center of each petal runs a clear golden band. Fully expanded, the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from June to October. 3 to 5 feet. (See illustration.)

First size bulbs.....	40c each; \$4.00 doz.
Extra size bulbs.....	50c. each; \$5.00 doz.
Mammoth bulbs.....	75c. each; \$7.50 doz.

Candidum, Henderson's Superior French Northern Grown

This is the ever popular, fragrant, snow-white, hardy garden Lily, which is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June. When grown in masses these lilies are especially effective against the surrounding greenery of shrubs, etc. Price, extra large bulbs, 50c. each, \$5.00 doz.; \$40.00 per 100.

Canadense

Our native Canadian Lily. Bright yellow marked with copious spots of red; blooms in June and July. 2 to 3 feet high. 25c. each; \$2.50 doz.

Canadense Flavum

A pure yellow selection of the above. 25c. each. \$2.50 doz.

Canadense Rubrum

Crimson with dark spots. 25c. each; \$2.50 doz.

Elegans Leonard Joerg

Rich apricot spotted. 30c. each; \$3.00 doz.

Golden Gleam

This new yellow sport of L. Tenuifolium resembles its parent in habit of growth and freedom of bloom—excepting that the flowers are of pure golden yellow and very beautiful; height 18 inches. 50c. each; \$5.00 doz.

Henryi

(*The Yellow Speciosum.*) A new rare and very beautiful Lily from China. It is very hardy, and without doubt one of the best Lilies for garden culture. The flower stalks, 3 to 5 feet high, carry 5 to 8 large flowers each, rich apricot-yellow, lightly spotted with brown. The shape and size of the flowers has suggested the name "Yellow Speciosum." 75c. each; \$7.50 doz.

Regale ("A Royal Beauty")

The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpet. The fragrance is fascinating. A splendid hardy Lily for the garden, flowering about July 1st. Well-grown bulbs often produce five to eight blooms. \$1.00 each; \$10. doz.

Speciosum or Lancifolium

The varieties of L. Speciosum or Lancifolium are perhaps the most popular Lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. (See illustration.) The varieties are:

Speciosum Album

Speciosum Album. White. Largest bulbs, 60c. each; \$6.00 doz.

Speciosum Rubrum (Roseum)

Speciosum Rubrum (Roseum). White, shaded and spotted with rose and red. Largest bulbs, 60c. each; \$6.00 doz.

Speciosum Melpomene

Rich blood-crimson, heavily spotted. Largest bulbs, 60c. each; \$6.00 doz.

Superbum

(*Turk's Cap Lily.*) One of our native species. Grown in good, rich soil, it will produce upwards of 50 beautiful orange, tipped red, spotted flowers in a pyramidal cluster. 3 to 5 feet high. Blooms in July. 25c. each; \$2.50 doz.

Tigridia Splendens

(*Improved Tiger Lily.*) The grandest of the Tigers, black polished stem, sometimes 6 feet high. Very large pyramids of flowers, orange red, spotted with black, 3 to 5 feet high. Blooms in August. 25c. each; \$2.50 doz.

Tigridia Flora Plena

(*Double Tiger Lily.*) Double bright orange-red flowers spotted with black. Blooms in August. 30c. each; \$3.00 doz.

Umbellatum

Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June and July. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. Mixed colors, 25c. each; \$2.50 doz.

We supply 6 Bulbs of one variety at the dozen rate.

Spiraea or Astilbe

These are grown in pots for window and greenhouse decoration, in winter and spring and for forcing for cutting. The flowers are borne in large, feathery panicles, and last a long time in bloom. (Ready for shipment in November.)

Gladstone. One of the most beautiful winter and spring flowering pot plants grown; the immense trusses of flowers are as white as snow, and are borne on erect, strong stalks 18 inches high. Well-grown plants bear 25 to 40 of these plume-like trusses. Price of strong roots, 75c. each; \$7.50 per doz.

Rubens. A new and very beautiful carmine-rose colored Spiraea having the same habit, large feathery panicles and forcing qualities of Gladstone, also hardy and thrives under garden culture. 75c. each; \$7.50 per doz.

Calla Lilies

Calla Aethiopica, or Lily of the Nile. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room making less foliage. Extra large bulbs, 35c. each; \$3.50 per doz.

The Godfrey Everblooming Calla. This new hybrid is a true ever-blooming variety. Properly treated, the same plant will grow and bloom without ceasing. The plant is of dwarf, compact, strong growth, about 18 inches high. Dormant bulbs, 35c. each; \$3.50 per doz.

Yellow Calla, Elliottiana. The finest yellow Calla; large, rich, deep golden flowers often 4 to 5 inches across. The leaves of Elliottiana are spotted with white. Dry bulbs, 50c. each; \$5.00 per doz.

BERMUDA EASTER LILY

Spring Flowering Crocus

INCLUDING NEW HYBRID VARIETIES

As edgings to bed—and bordering walks—or as undergrowth among tulips, hyacinths daffodils, etc., they are very effective as the flowers are over when the other bulbs begin blooming, and then the crocus foliage forms a beautiful grass-like setting for the later flowering bulbs.

Crocus are also easily flowered in the house in winter, grown in pots and pans of soil. For instructions see leaflet "How to Grow Bulbs" sent with every order.

We have discontinued offering the cheap mixtures of Crocus as the larger bulbs—produce more and larger flowers. (See illustration.)

PRICE—40c. PER DOZEN, \$3.00 PER 100, \$25.00 PER 1000

WHITE CROCUS

King of Whites. A grand new variety, producing long snow-white flowers.

May. Lovely round petalled pure white flowers of great size.

Mont Blanc. An old favorite, large pure white.

BLUE AND PURPLE CROCUS

Baron Von Bruno. A large deep purple.

David Rizzio. Deep lavender shaded purple.

Hero. A new hybrid; dark glossy purple. Extra large and fine.

Maximilian. Beautiful sky-blue flowers, very distinct.

MIXED GIANT FLOWERING CROCUS

All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter.

PRICE—30c. PER DOZEN, \$2.00 PER 100, \$15.00 PER 1000

STRIPED CROCUS

Albion. A fine large lavender striped white and violet.

Cloth of Silver. White feathered and striped with lilac and purple.

Fantazy. A new hybrid; immense flowers of light gray striped dark blue.

YELLOW CROCUS

Cloth of Gold. The earliest of all, very prolific yellow veined golden brown.

Yellow Mammoth. The largest flowering sort of this color.

LILIES FOR FORCING IN POTS

The Bermuda Easter Lily

Lilium Longiflorum Harrisii

The short time required to bring this peerless Lily into flower, renders it invaluable. The flowers are delightfully fragrant, pure waxy-white, and if cut when partially open, can be kept for two weeks. Bulbs potted in September can be had in flower in December, if desired.

A succession of bloom can be kept up throughout the winter by bringing in a few pots of bulbs from cold frames at intervals. Blooming plants in pots form typical Easter offerings and presents for decoration of the window, table, house or church.

As a garden Lily it is of great beauty, being entirely hardy, excepting in Northern climates, where it requires a protection of leaves or litter to the depth of 5 or 6 inches. Bulbs ready for shipment—August to December.

First Size Bulbs. (6 to 7 inches in circumference.) Those are good bulbs for either pot culture or for cut flowers. The bulbs should produce from 6 to 8 flowers. 35c. each; \$3.50 per doz.; \$27.50 per 100.

Extra Size Bulbs. (7 to 9 inches in circumference.) This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. 50c. each; \$5.00 per doz.; \$37.50 per 100.

Monstrous Size Bulbs. (9 to 11 inches in circumference.) These are usually grown for specimens in pots, for exhibitions and decorations. Each bulb should produce from 12 to 18 flowers. 75c. each; \$7.50 per doz.

The Formosa Easter Lily

(LILIUM LONGIFLORUM FORMOSUM)

This is an improved type of the well known L. Longiflorum also known as the "Easter or St. Joseph's Lily." The plants are of healthy, strong growth—about 3 feet high and produce beautiful snow white trumpet shaped flowers, 6 to 8 inches long. This lily is largely grown by florists who "force" them as pot plants and for cut flowers. It is not quite as early as Lilium Harrisii. (For shipment, September to December.)

Extra Size Bulbs. 7 to 9 inches. 40c. each; \$4.00 per doz.; \$30.00 per 100.

Lilium Longiflorum Giganteum

This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy stocky growth—with black marked stems. The flowers of purest white are the largest of the Longiflorums. (For shipment, October to December.)

Extra Size Bulbs. 7 to 9 inches. 50c. each; \$5.00 per doz.; \$37.50 per 100.

Giant Hybrid Amaryllis "INTERNATIONAL PRIZE" STRAIN

Awarded the Prize at the Flower Show, New York

The giant flowering hybrids of Vittata are unnamed seedlings from a famous English Collection and are of exceptional beauty. The coloring and markings are exquisite; the bulbs are very large, and are of sufficient strength and age to produce magnificent flowers during the winter or spring. They are probably the most magnificent and gorgeous bulbous plants known. Their immense flowers, richness of coloring and regal habit are simply incomparable. They throw up spikes from 2 to 3 feet high, bearing enormous wide petalled flowers averaging 8 to 10 inches across and of great substance, some being of rich and glowing colors, others delicately shaded and superbly veined.

Mixed Varieties, \$1.00 each; \$10.00 per doz.

Anemone

Highly ornamental winter, spring and summer flowering plants. The colors range through shades of blue, scarlet, rose, white, lavender, etc. For cutting they are grand. They are splendid for pot culture, flowering in the house or conservatory.

Single Poppy-Flowered. (*Coronaria*) Large, beautiful saucer-shaped. Poppy-like blossoms flowering continuously through-out spring and early summer. Mixed colors, 75c. doz.; \$6.00 per 100.

Bloodroot *Sanguinaria Canadensis Major*

A large flowering improved variety of our native "Blood Root." A fine hardy, spring-blooming, low growing plant for shady beds; handsome leaves, large pure white flowers. Height 6 inches. 12c. each; \$1.25 per doz.; \$9.00 per 100.

Dielytra, or "Bleeding Heart"

One of the most ornamental of hardy spring-flowering plants, with elegant green foliage and long drooping racemes of heart-shaped pink and white flowers. This is deemed one of the finest of all hardy garden plants. If potted in November, left outside till it has formed new roots and then brought into a gentle heat, it may be had in flower in the greenhouse, in February and March. (Ready in November.)

Large roots 75c. each, \$7.50 per dozen.

Ranunculus

Among dwarf flowers these are unrivaled for form and attractive colors, ranging through shades of crimson, white, yellow, purple, black, many of them being beautifully marked with other shades. They flower profusely in pots in the house during the winter or if grown in frames in the spring.

Double Giant French Mixed. Remarkably vigorous growers with immense and gorgeous, loosely double flowers. 75c. doz.; \$6.00 per 100.

Trillium Grandiflorum

American Wood Lily. Most beautiful American plants, perfectly hardy, growing and flowering profusely in partially shaded nooks about the lawn, under trees, etc. The flowers are large, of the finest white, changing in a few days to soft rose. 12c. each; \$1.25 per doz.; \$9.00 per 100.

Henderson's Superior Freesias

Freesias are most popular for pot culture, flowering in the winter and spring in the conservatory, or window garden; 6 to 8 bulbs should be planted in a 4-inch pot. They force readily and can be had in bloom by Christmas if desired, and by having a dozen or more pots started in the cold frame they can be brought in at intervals, thereby keeping up a continuous display of bloom through the winter; the flowers are produced 6 to 8 on stems about 9 inches high.

Purity. A distinct and greatly improved type producing large sprays of purest snow-white flowers of immense size and deliciously fragrant; it is very free blooming and of great value for forcing for cut flowers.

Extra Size Bulbs. 60c. per doz.; \$4.50 per 100; \$40.00 per 1000.

The "Fardel" Colored Freesias

These beautiful novelties are rapidly winning favor on account of their lovely and unique colorings, viz., shades of pink, mauve, purple, violet, blue, yellow and orange, which we offer in mixed colors only. Very fragrant and free flowering. Each principal spike usually carries 7 to 9 flowers—while the side spikes of which each bulb produces several, usually bear 5 to 6 flowers. Their culture differs in no way from that of the white Freesia. (See illustration.)

Mixed Hybrids. \$1.00 per doz.; \$7.50 per 100.

Lily of the Valley Ready for delivery in November

Henderson's Extra Single Crowns or "Pips." The finest grade of Crowns in the world for winter flowering. They will bear 12 to 16 large bells on strong stalks, with foliage, even when forced for extra early; the pips average large, plump and regular, with extra long roots. 25 Crowns (1 bundle) \$1.75; 100 Crowns, \$6.00; \$55.00 per 100.

Fortin's Giant. This is the largest variety yet produced; it is only adapted for open ground planting and may not show much superiority the first spring after planting, but by the second season, or when it gets well established, it produces wonderfully luxuriant foliage and immense spikes of purest white bells twice the size of any other sort. In every way it is superior. Crowns, \$1.00 per doz.; \$7.50 per 100.

Oxalis

Charming little half-trailing or bushy plants particularly adapted for pot culture and hanging baskets, the foliage alone is very attractive and when in flower they are exceedingly pretty.

Bermuda Buttercup. This is one of the finest winter-flowering plants for pot culture, it is a strong luxuriant grower, and the great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. 5c. each, 50c. per doz.; \$2.50 per 100.

Grand Duchess. A California variety of great beauty; of dwarf sturdy growth throwing large exquisite flowers well above the foliage. Extremely free flowering from November till June. Price for either, White, Pink, or Lavender, 5c. each; 50c. doz.; \$2.50 per 100.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.

**SCILLAS (Wood Hyacinths and Blue Bells)**

Scilla Siberica. (*Amoena* or *Praecox*.) Most beautiful hardy spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the grounds; and if grown with Snowdrops and Crocus for contrast, the effect is magnificent. They should be largely planted as undergrowth in Hyacinth beds, etc. Grown in pots they may be had in bloom from Christmas until April. 80c. per doz.; \$6.00 per 100. (See illustration.)

Siberica Alba. The new white flowering variety, very beautiful. 80c. per doz.; \$6.00 per 100.

Campanulata. (*Wood Hyacinth*.) Flowers borne on tall spikes; 1 to 2 feet high. Each flower measures nearly one inch across and droops gracefully; perfectly hardy; also fine for pot culture. We offer the following colors:

Campanulata, Major Blue. 60c. per doz.; \$4.50 per 100.

Campanulata, White. 80c. per doz.; \$6.00 per 100.

Campanulata, Rose. 80c. per doz.; \$6.00 per 100.

SNOWDROPS

In the early spring months there is nothing more beautiful than a sheet of the snowy, graceful blossoms of the Snowdrop. Beds and effects of surpassing beauty may be arranged with Snowdrops in the center edged with bright blue Chionodoxas, or by intermingling them. In beds of Tulips and Hyacinths, Snowdrops are very effective between the lines; they flower while these bulbs are just moving the surface, and when the flowers are over there remains an elegant ground work of green foliage. Used as a permanent edging, and in masses on the edges of lawns, nestling in the grass, they look charming. Snowdrops are easily flowered in pots during the winter. (See illustration.)

Single Snowdrops. 60c. per doz.; \$4.00 per 100.

Double Snowdrops. 80c. per doz.; \$6.00 per 100.

Elwes' Giant Snowdrop. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop; flowers slightly marked with green spots; fine for cutting. 70c. per doz.; \$5.00 per 100.

IMPORTANT

A special notice regarding the importation of *Narcissus* and *Daffodils* will be found on page 10 which see.

Quarantine No. 37 which prohibits their importation, also includes the varieties offered on this page, and none of them can be imported after December 31, 1925. They are among the most beautiful of our bulbous flowers, and their absence from American gardens will be a distinct loss to horticulture.

Our friends who desire to perpetuate these very desirable varieties in their gardens; for if left undisturbed they increase year by year, will do well to order quantities this year—1925—which is the last opportunity they may have of so doing.

CHIONODOXA (Glory of the Snow)

These are among the most exquisite of spring-flowering bulbs, and should be grown in quantities. They produce flower spikes bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or in masses; naturalized in the lawn they are charming; they flower with the Snowdrops and last a long time in perfection. They will thrive well in any good garden soil, and are admirable for pot culture, winter blooming in the house, and for forcing, for cut flowers.

Chionodoxa Lucillae. Bright blue with large clear white center. 60c. doz., \$4.50 per 100.

Chionodoxa Sardensis. Intense deep blue. 60c. doz., \$4.50 per 100.

Chionodoxa Gigantea. Large flowers of lovely lavender, with white center. 80c. doz., \$6.00 per 100.

CROWN IMPERIALS

Well-known spring-blooming, stately, hardy border plants, with clusters of immense pendant, bell-shaped flowers, surmounted with a tuft of green leaves. They are very effective, and if left undisturbed for years they form gigantic and picturesque groups, bearing gorgeously colored flowers. (See illustration.)

Aurora. Red. 30c. each; \$3.00 per doz.

Crown upon Crown. Several whorls of flowers one above the other. 30c. each; \$3.00 per doz.

Sulphurea. Sulphur-yellow. 30c. each; \$3.00 per doz.

Mixed Colors. 25c. each; \$2.50 per doz.

**ERANTHIS HYEMALIS (Winter Aconite)**

Early in spring the golden blossoms of the Winter Aconite look charming, resting on an emerald-green cushion of leaves and forming a striking contrast to the Snowdrop, Scillas and Chionodoxa. The foliage remains long after the flowers, making the plant especially valuable in moist situations such as under trees, which the Winter Aconite enjoys and where few other flowering plants will thrive. 3 to 8 inches high. 50c. doz.; \$4.00 per 100.

FRITILLARIA MELEAGRIS

Singular dwarf spring-flowering plants, bearing large pendant bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and checkered in the most curious way. They are invaluable for pot culture and exceedingly pretty when grown in large groups in the garden border or wild garden in a dry situation. *Mixed varieties*, \$1.00 doz.; \$7.50 per 100.

GRAPE HYACINTHS

These very curious and pretty little Hyacinths are perfectly hardy and of the easiest culture, they thrive and increase in either sunny or partially shaded positions in the garden. When naturalized in little colonies where they can remain undisturbed for several years, the effect—especially of the Grape Hyacinths—is very pretty, while as edgings they are most charming. All are also adapted for winter flowering in the house.

Blue Grape Hyacinths. 40c. per doz.; \$3.00 per 100.

White Grape Hyacinths. 60c. per doz.; \$4.00 per 100.

"Heavenly Blue" Grape Hyacinths. A new type with large flowers of richest gentian blue and delightfully fragrant; desirable for cutting and of splendid effect massed in the garden or border. 60c. per doz.; \$4.00 per 100.

IXIAS

The Ixia is a beautiful little winter-flowering bulb, with long, slender, graceful spikes of bloom. The colors are rich, varied and beautiful, the center always differing in color from the other parts of the flower, so that the blossoms, expanding in the sun's rays, present a picture of gorgeous beauty. *Mixed Colors*, 50c. per doz.; \$3.50 per 100.

We supply 6 Bulbs of one variety at the dozen rate, 25 at the 100 rate.

Henderson's Modern Peonies

SELECTED FROM THE WORLD'S NEWEST AND BEST VARIETIES

Our Method of Selling Henderson's Herbaceous Peonies.—It is the rule among most sellers of Peonies to send out divided roots, that is, older plants cut into several 3 to 5 crowned roots. These, of course, can be sold at a lower price, but all Peony purchasers should know that normal flowers of maximum size will not be produced on these divided roots for two or three years. As most of our customers prefer to pay a little more and get older, undivided roots, therefore we are offering roots of 2 and 3 years' growth from the divided stage. These, according to age, will give a greater quantity of perfect blooms the succeeding summer if planted between September 1st and November 1st. For cultural instructions send for our Peony Guide post free.

The roots offered in this list are for shipment September 1st to November 1st.

Mixed Peonies and Peonies to Color

(Without Names)

We offer these in strong 3 to 5 crown divided roots at 50c. each; \$3.00 per doz.

Double White, Double Crimson, Double Rose Pink.

GERMAN IRIS

Japan Iris

(IRIS KAEMPFERI)

There are very few denizens of the flower garden that can compare with the Japan Iris for brilliancy, and it is worthy of a prominent place in every garden. The flowers average 8 to 10 inches across and flash like watered silk in the sunlight.

The Japan Iris besides being very free flowering is perfectly hardy and grows readily in almost any situation, either sunny or partially shady; but the soil should be moist and the plants well supplied with water when flowering. They bloom in great profusion in June and throughout July, coming into bloom when other Irises are faded and gone which to most flowers lovers is an additional recommendation. After the ground freezes over a light mulch of litter or manure will prevent heaving of the ground and a consequent loss of plants. Ready September 15 to November 15.

each doz.

1. Azure.	Double. Immense flower, exquisite, wavy. Mauve blue with darker halo surrounding the yellow blotch at base of petals. Very large and fine.	\$6.00	\$6.00
2. Bashu No Ten.	Double. Grey, veined blue.	.75	7.50

Japan Iris Seedlings. Containing many new and beautiful single and double varieties
Price.—20c. each, \$2.00 per dozen, \$15.00 per 100.

Important Notice—A special notice to lovers of daffodils and narcissus will be found on page 8. The Federal Horticultural Board at Washington has decreed that no more narcissus bulbs shall be imported after December 31st, 1925, and in consequence the demand for these bulbs will be very large this year. We advise our customers to order as soon as they receive this catalogue as the supply is limited in quantity.

German Iris or Fleur-de-lis

(IRIS GERMANICA)

These, the true Fleur-de-Lis—but greatly improved—are well termed "Garden Orchids" and they fairly outrival the orchids in wide range of coloring—both in dainty combinations and rich and vivid colors including yellows from light canary to deep golden; blues from soft lavender to intense purples; reds from pinkish mauve to claret and maroon, beautiful bronzes and pure whites then some are marked and margined with other colors in exquisite harmony, and all have showy, yellow or orange crests or beards. For garden and landscape decoration—groups and masses of them are very effective being perfectly hardy.

Our collection contains many choice varieties, and we are confident they will prove revelations of beauty to Iris lovers. The roots should be divided and replanted every fourth year in September as the plants are then dormant. The roots are ready for shipment from Sept. 15 to Nov. 15.

We supply 6 roots of one variety at the dozen rate, 25 at the 100 rate.

A GARDEN AT YOUR DOOR

HENDERSON'S SPECIAL LIST OF Hardy Perennial Plants, Hardy Shrubs, Hardy Climbing Plants and Small Fruits SELECTED FOR FALL PLANTING

In again offering plants we desire to express our appreciation of the liberal share of patronage which we have received from the flower-loving public in years past. We would state that we are now offering only the very finest new and standard sorts that have been thoroughly tested. This will not only be a convenience but a protection to our customers; who may rest assured that they will receive no worthless varieties when ordering from our list.

PLEASE READ CAREFULLY BEFORE ORDERING PLANTS

The plants listed in this catalogue, pages 16 to 21 inclusive, will be ready for shipment October 20th.

We will guarantee the safe arrival of all plants sent by Express or Parcel Post to all points in the United States. Should anything be injured in transit we urge our customers to notify us at once on receipt of the goods, and in every case send us a list of what has been damaged so that we can replace them without delay. But when they arrive in good condition our responsibility ceases, and if from inattention or other causes they fail and complaint is then made we cannot replace them.

We do not pay transportation charges on plants. For those of our customers who prefer to receive their plants by Parcel Post we will be pleased to ship that way if money for postage is included with the order, otherwise we will ship by Express, buyer to pay express charge on delivery.

PETER HENDERSON & CO., 35 and 37 Cortlandt Street : : : NEW YORK

HENDERSON'S Hardy Perennial Plants Selected for Fall Planting

ANCHUSA ITALICA

"Dropmore" Variety. A fine, large, hardy, herbaceous plant; 4 to 5 feet high. This new "Dropmore" variety is a great improvement on the type, the beautiful Forget-Me-Not-like flowers being much larger than others and of a lovely Gentian blue, produced in long, loose sprays. Invaluable for the hardy border, as flowers are produced during the entire season and until late in the fall. Price, 35c. each, \$3.50 per doz.

CAMPANULA OR CANTERBURY BELLS

Favorite hardy garden plants, growing 2 to 2½ feet high, in dense clumps, blooming profusely in early summer, large bell-shaped flowers. Price, 35c. each, \$3.50 per doz.

DELPHINIUM FORMOSUM

Hardy Blue Larkspur. This beautiful hardy larkspur grows about 3½ feet high—bearing in June and July long spikes of showy, velvety, indigo-blue flowers. Makes a grand border plant and the spikes are fine for cutting. Price, 35c. each, \$3.50 per doz.

FUNKIA UNDULATA MEDIA

The variegated "Plantation Lily." Foliage striped white on green ground. Very useful for borders. Does well in partial shade. Price, 35c. each, \$3.50 per doz.

GAILLARDIA GRANDIFLORA

Amongst the ever-blooming hardy plants there is none more showy or ornamental than this. Flowers borne in prodigal profusion from June to frost, useful for cut flowers. They are of gorgeous coloring, dark red-brown in center with bands of crimson-orange and vermillion, meriting the popular title of "Aurora Flower." Height, 2 feet. Price, 35c. each, \$3.50 per doz.

RUDBECKIA, "GOLDEN GLOW"

The most popular ever-blooming hardy plant grown. Covered during the season with masses of rich golden-yellow, double flowers, resembling Chrysanthemums very closely. It attains a height of from 6 to 8 feet, and a small plant set out in the spring will produce hundreds of blossoms. Price, 35c. each, \$3.50 per doz.

VINCA

Vinca Minor or Creeping Myrtle. Well known trailing plants. They are used extensively for covering the ground under shrubs or trees and in cemeteries for covering graves. They will grow where it is too shady for grass or other plants to thrive. Delicate blue flowers. Price, 35c. each, \$3.50 per doz.

HARDY PHLOX

These grand hardy plants are very popular and deservedly so. They are of the easiest culture, and during the late summer and fall months make the garden bright with their wealth of bloom.

Albion. White with faint aniline red eye. Medium height.

Beacon. A lively shade of bright cherry-red. Medium height.

Coquelicot. A fine pure scarlet with crimson-red eye. Dwarf habit.

Elizabeth Campbell. Salmon-pink flowers and trusses of large size. The color is intensified by a very decided dark crimson eye. Medium height.

F. G. Von Lassburg. A free blooming pure white variety. Medium height.

Pantheon. Bright carmine-rose; fine for massing. Tall.

R. P. Struthers. Color bright cherry-red delicately suffused orange-salmon. Tall.

Rynstrom. Lively rose-pink. Flowers large and attractive. Tall.

Siebold. Bright vermillion-red overlaid with orange-scarlet, crimson-red eye. Tall.

Price, 30c. each, \$3.00 per doz. Set of 9 for \$2.25.

Henderson's Hardy Perennial Plants - Continued

AN IMPERISHABLE PERENNIAL BORDER FOR \$25.00

A sketch plan for a typical Hardy Perennial Border is shown at the side of this page. To make one like it 5 x 50 feet would require 100 plants. We list below 30 varieties of contrasting heights and colors and the number of plants for each group. The number after each variety gives the position in which they should be planted.

	No. on Plan	Plants	No. on Plan	Plants	No. on Plan
3 Lobelia cardinalis	1	3 Anemone Japonica	11	4 Alyssum Saxatile	21
3 Dianthus	2	4 Gaillardia grandiflora	12	4 Dianthus	22
2 Anchusa Italica	3	3 Achillea The Pearl	13	4 Funkia variegated	23
2 Boltonia Asteroides	4	3 Pyrethrum	14	3 Henchera sanguinea	24
3 Rudbeckia purpurea	5	3 Physostegia Virginica	15	4 Plumbago larpentae	25
2 Hibiscus	6	3 Hemerocallis flava	16	4 Arabis albida	26
4 Delphinium formosum	7	3 Coreopsis Lanceolata	17	3 Monarda didyma	27
3 Helianthus multiflorus	8	3 Campanula	18	4 Iberis	28
3 Baptisia Australis	9	4 Aquilegia	19	3 Scabiosa	29
3 Gypsophila paniculata	10	3 Papaver	20	4 Phlox Subulata	30

Special Offer. The Imperishable Border Collection, 100 plants, as listed above for \$25.00. Should any of the above varieties be sold out when order is filled we will substitute similar sorts unless instructed to the contrary.

General List of Hardy Perennial Plants

Varieties	Height	Color	Time of Bloom
Achillea, "The Pearl"	1½ ft.	White	All Summer

Rudbeckia purpurea (Purple cone flower)	1½ ft.	Assorted	Summer
Scabiosa Caucasic (Blue Scabiosa)	5 ft.	Red Purple	All Season
Veronica subsessilis (Speedwell)	1 ft.	Lilac	All Summer
Veronica spicata	2 ft.	Blue	August
	3 ft.	Blue	All Summer

Price for any of the above, 35c. each, \$3.50 per doz., \$25.00 per 100, buyer's selection of varieties. Our selection, to be made when the order is being filled, \$2.50 per doz., \$20.00 per 100.

Note.—The heights given include the flower spikes.

PORTION OF HARDY PERENNIAL BORDER PLANTED FROM MAP ABOVE

**The Fleecy-White Fragrant Clematis
CLEMATIS PANICULATA**

Blooms in the early fall and is one mass of fleecy-white fragrant flowers. These are succeeded by the silken seed vessels almost as ornamental as the flowers. It will grow fifteen to twenty feet in a season; it is insect-proof, it is perfectly hardy, it adapts itself to all situations, thrives everywhere, and need only be seen to be admired. Price, strong 2-year plants, 35c. each, \$3.50 per doz.

CLEMATIS, JACKMANII

The best-known and most valued variety. Color dark, rich royal purple. Price 75c. each, \$7.50 per doz.

WISTARIA

Ornamental hardy climbers. Their lovely panicles of blue and white flowers produced in wonderful profusion are without a rival.

Wistaria Sinensis White. Flowers in drooping clusters, pure white. Price, \$1.00 each
Wistaria Sinensis, Blue. Flowers in drooping clusters, soft lavender blue. Price, \$1.00 each

CALIFORNIA PRIVET FOR HEDGES

The illustration shows a section of a hedge of the famous *California Privet*. Of all the shrubs which have been tried for hedging, none can compare with this. Of easy growth and splendid foliage, free from insects. Its inexpensiveness alone would give it first place for the purpose. It is now planted by the million annually. Ready October 20th. Price, strong shrubs, 1½ to 2 feet high, \$1.00 per doz., \$6.00 per 100, \$55.00 per 1000; extra strong, 2 to 3 feet high, \$1.50 per doz., \$8.00 per 100, \$75.00 per 1000.

Our pamphlet on the Culture and Care of California Privet sent free on application.

AMPELOPSIS VEITCHII

Sometimes called "Boston Ivy" and "Japan Ivy."

Entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses as the leaves, lapping over each other like slate on a roof, effectually prevent rain from penetrating the walls. For covering dead trees, boundary walls, etc., it has no equal. Beautiful autumn foliage. Price, strong, one-year pot-grown plants, 35c. each, \$3.50 per doz.

BIGNONIA RADICANS

or Trumpet Creeper

Well adapted for covering walls, arbors, and unsightly places where a showy flowering vine is desired. It is a rapid grower, perfectly hardy and thrives well in exposed places. The flowers are trumpet-shaped and a brilliant orange scarlet. Price, 50c. each, \$5.00 per doz.

**CELASTRUS
SCANDENS**

A rapid growing climber with ornamental light green foliage, yellow flowers in June and bright orange, yellow and crimson fruit in the autumn. It is known by the popular name Bitter Sweet. Price, 50c. each, \$5.00 per doz.

**JAPANESE
HONEYSUCKLES**

Lonicera Halliana. (Hall's Japan Honeysuckle.) Pure white flowers, changing to yellow. Very free blooming and fragrant. Price, 40c. each, \$4.00 per doz.

Lonicera Brachypoda. (Evergreen Sweet-scented Honeysuckle.) Flowers buff, yellow and white.

One of the most vigorous. (See engraving.) Price, 40c. each, \$1.00 per doz.

HENDERSON'S SELECTED Hardy Flowering Shrubs

Ready Oct. 20th

These are all 2 to 3 years, transplanted, and range from 1 to 3 ft. in height, according to variety; some being stronger growing, are consequently taller at the same age. In the description of each variety we give the natural heights at maturity, but they can be kept any size desired by pruning. Those marked * may be planted in a shady place.

ALTHEA (Rose of Sharon)

One of the best known ornamental shrubs; easy to grow and valuable for their late blooming. Grows to a height of 10 to 12 ft. and flowers in August and September. We offer Double White and Double Red. Price, 60c. each, \$6.00 per doz.

BERBERIS THUNBERGII (Japanese Barberry)

Of low, spreading growth, forming dense impenetrable bush. The branches are set with sharp thorns. Small yellow flowers in the spring followed by bright scarlet berries in the late summer and fall. The foliage turns orange and scarlet in the autumn. A valuable hedge plant, especially interesting because of its graceful drooping habit. Height 4 to 6 ft. Price, 50c. each, \$5.00 per doz.

*CALYCANTHUS FLORIDUS (Strawberry Shrub)

A strong, upright grower with large, handsome foliage. Peculiar reddish-brown sweet scented flowers in May. It grows to a height of 4 to 6 ft. and will thrive either in sunny or shady places. Price, 60c. each, \$6.00 per doz.

*DEUTZIA

Very ornamental shrubs planted either singly or in a border. The tall varieties may be used for a background and the dwarf for a border. They thrive in any good soil and are profuse bloomers. We offer the following varieties: (See engraving).

Deutzia Crenata. Flowers pure white tinged rose color. Height 6 to 8 ft. Blooms in June and July. Price, 60c. each, \$6.00 per doz.

Deutzia Gracilis. Slender growth. Pure white flowers in May and June. Height, 2 to 4 ft. Price, 60c. each, \$6.00 per doz.

Deutzia Lemoinei. White flowers in June and July. Height 6 to 7 feet. Price, 60c. each, \$6.00 per doz.

Deutzia Pride of Rochester. Double white flowers in June and July. Height, 6 to 7 ft. Price, 60c. each, \$6.00 per doz.

*FORSYTHIA VIRIDISSIMA

A spring flowering shrub of easy culture; vigorous growth and free flowering habit. One of the first shrubs to flower in the spring; the deep yellow flowers are produced before the foliage. Height, 10 to 12 ft. Price, 60c. each, \$6.00 per doz.

HYDRANGEA ARBORESCENS GRANDIFLORA

A variety of *H. arborescens*, recently discovered. The heads of flowers are in shape like *H. hortensis*; they are snowy white. It is a truth shrub, begins to bloom in early summer and continues into the fall, so that it is practically ever-blooming. After *H. paniculata grandiflora* has lost its color this variety is still fresh, eventually turning to a light green and then brown. It is a graceful shrub and is destined to achieve the widest popularity. It attains a height of 6 ft. and the same width, and is literally loaded with its grand panicles of large snowy white flowers, one of the grandest sights imaginable. Price, strong two-year-old plants, 2 to 3 ft. high, \$1.00 each. \$10.00 per doz.

SPIREA

The Spireas will grow in almost any soil but thrives best where the ground is moist and well drained.

Spiraea Anthony Waterer. Carmine crimson flowers from June to November. Height, 2 to 3 ft. Price, 75c. each, \$7.50 per doz.

Spiraea Prunifolia. (Bridal Wreath.) One of the showiest spring shrubs. In May the branches are covered with small double, white flowers. Height, 6 to 8 ft. Price, 60c. each, \$6.00 per doz.

Spiraea Thunbergii. Of dwarf bushy habit, rarely exceeding 3 feet in height. White flowers in April and May. Price, 60c. each, \$6.00 per doz.

Spiraea Van Houttei. Flowers of pure white, borne in greatest profusion in June. Very showy. Height, 8 to 10 ft. (See engraving.) Price, 75c. each, \$7.50 per doz.

VIBURNUM PLICATUM (Japan Snowball)

One of the choicest hardy shrubs. A strong growing bush with spreading branches and wrinkled foliage. The snow-white flowers are produced in June and are much larger than the common snowball. Height, 8 to 10 ft. Price, 75c. each, \$7.50 per doz.

*WEIGELIA

It is safe to say there is no shrub more deservedly popular. All of the varieties are very ornamental and should be found in every collection.

Weigelia Candida. White flowers in great profusion from June to November. Height, 6 to 8 ft. Price, 75c. each, \$7.50 per doz.

Weigelia Eva Rathke. Very distinct. Color deep carmine red. Flowers continuously throughout the summer and autumn. Height, 6 to 8 ft. Price, 60c. each, \$6.00 per doz.

Weigelia Rosea. Rich rose colored flowers in June and July. A beautiful shrub. Height, 6 to 8 ft. Price 60c. each, \$6.00 per doz.

HYDRANGEA PANICULATA GRANDIFLORA

This is the most popular hardy shrub in cultivation. It attains a height of 8 to 10 ft.; perfectly hardy in all parts of the country. The flowers are white when first open, but change to pink and russet brown. They are borne in immense pyramidal panicles, nearly a foot in length. It commences flowering in August and continues in bloom the rest of the season, the flowers drying on the bushes. Price, strong plants 2½ to 3 ft. high, 75c. each, \$7.50 per doz.

LILAC

These old-fashioned shrubs are always popular and with the present revival of the "old-fashioned" garden no collection is complete without them. Everyone wants lilacs in May. They add beauty and sweetness to any surroundings with their exquisite plumes of purple and white flowers. (See engraving.)

Lilac Purple. The old-fashioned purple variety. Height, 12 to 14 ft. Price, 75c. each, \$7.50 per doz.

Lilac White. Beautiful pure white flowers. Height, 12 to 14 ft. Price, 75c. each, \$7.50 per doz.

*PHILADELPHUS

Very desirable free-blooming shrubs of erect habit and easiest culture in any common soil. The sweet scented variety coronarinus or Mock Orange is almost as well known as the Lilac. (See engraving.)

Philadelphus Coronarinus. (Mock Orange.) Sweet scented, pure white flowers. Height, 8 to 10 ft. Price, 60c. each, \$6.00 per doz.

Philadelphus Lemoinei. An improved variety. White flowers in June. Height, 6 to 8 ft. Price, 60c. each, \$6.00 per doz.

PRUNUS TRILoba DOUBLE FLOWERING PLUM

A most ornamental early flowering shrub of vigorous growth. The light pink double flowers are produced in early spring before the leaves develop. Height, 4 to 6 feet. Price, 60c. each, \$6.00 per doz.

Henderson's Selected HARDY GRAPE VINES

CACÓ OR CATAWBA-CONCORD

A cross between the old favorite Catawba and the well-known Concord. It ripens a little in advance of the Concord. This variety fully equals the Concord in strength and rapidity of growth and is very hardy. The color is a rich, sparkling wine-red, with abundant bloom. Bunch large; berry medium to large and almost round. The crowning merit, however, is its quality, surpassing in tenderness of pulp, luscious flavor and aroma the Catawba, while it is as prolific as the Concord. (See engraving.) Price, 2-year vines, \$1.00 each; \$10.00 per doz.

CAMPBELL'S EARLY

Some points of special merit in Campbell's Early are a very strong, vigorous, hardy vine, with thick, heavy mildew-resisting foliage, and bearing abundant clusters; very large, compact and handsome. Berries large, often an inch or more in diameter, black, with light purple bloom; skin thin, but very tenacious; flesh firm but tender, parting easily from its few and small seeds. Flavor rich, sweet, slightly vinous, free from foxiness. Its season is very early, and its keeping qualities remarkable; having hung upon the vines sound and perfect for six weeks or more after ripening, with no tendency to fall off or shell from stem. Price, 2-year vines, \$1.00 each. \$10.00 per doz.

GREEN MOUNTAIN

(Winchell.) This, the earliest white grape, has been thoroughly tested over a wide area, and has proved most satisfactory. It combines hardiness, fruitfulness, vigor, good size and excellent quality. Bunch medium to large, shouldered; berries medium, greenish-white; skin thin, tough, pulp tender, sweet, with few seeds; the flavor is excellent. Price, 2-year vines, \$1.00 each, \$10.00 per doz.

CONCORD

Generally considered the best American Grape. Bunch and berries large; color black with a rich bloom. A strong grower, very hardy, healthy and productive. The variety used exclusively for grape juice and a reliable sort for general cultivation. Price, 2-year vines, \$1.00 each, \$10.00 per doz.

DELAWARE

An old standard variety. Berries small and compact, skin thin but firm, flesh juicy, very sweet and refreshing. A moderate grower it responds quickly to good culture. Price, 2-year vines, \$1.00 each, \$10.00 per doz.

NIAGARA

The old favorite white Grape. Bunch large and handsome. Berries medium size, round, skin thin, tough, does not crack and ships well. Sweet with a flavor and aroma peculiarly its own. Ripens with Concord or a little earlier. Price, 2-year vines, \$1.00 each, \$10.00 per doz.

New Blackberry--"Joy" (If wanted by Parcel Post add 10c. per doz.)

An excellent new midseason variety for the home garden. The berries are of large size and superb quality, with a flavor that is rich, sweet and luscious. They are almost as thick as they are long and coal black. The canes are ironclad, hardy, of stocky, vigorous habit; so stout and strong that they do not need staking. It is one of the most reliable of all blackberries and never fails to mature a large crop. (See engraving.)

Price, \$2.00 per doz., \$10.00 per 100.

Blackberries (If wanted by Parcel Post add 10c. per doz.)

Early Harvest. Canes of ironclad hardiness. Berries of uniform size and glossy black. Very early.

Eldorado. The berries are very large, jet black, and ripen well together.

Mersereau. A mammoth early, ironclad hardy berry. Exceptionally sweet and melting, being without core.

Dewberry Lucretia or Creeping Blackberry, conceded to be the best of its class. Berries firm, sweet and luscious throughout. Very early.

Price for the above, \$1.00 per doz., \$6.00 per 100.

NEW BLACKBERRY JOY

Raspberries---Black Varieties

(If wanted by Parcel Post add 10c. per doz.)

Black Diamond. A berry very popular among western New York growers. One of the strongest growers making an abundance of good, clean wood which ripens up well in the fall, thus enabling it to withstand the cold weather remarkably well. Fruit jet black and juicy with few seeds.

Cumberland. In size the fruit is simply enormous, the berries measuring seven-eighths of an inch in diameter, but in spite of this, the fruit is possessed of unusual firmness. Extremely vigorous and remarkably free from disease.

The "Munger." The fruit is black and resembles Gregg very much. It is a better flavored berry than Gregg, tougher in texture, and therefore a better shipper. In size it excels Gregg, and is extra fine for the table and preserving.

Price for the above Raspberries, \$1.00 per doz., \$6.00 per 100.

Red Raspberries

(If wanted by Parcel Post add 10c. per doz.)

Cardinal. This wonderful berry is a surprise in the fulness of its merits, great growth, extreme hardiness and wonderful productiveness. It will grow 10 feet high and bear accordingly, producing its choice, rich, red, fruit in marvelous abundance.

Miller. An early variety, large fruited and profuse bearer; vigorous grower, with large abundant foliage; color brilliant red; sweet, luscious flavor.

The King. The earliest red raspberry grown. Large fruits, firm, beautiful light crimson color; the quality is excellent.

Price for the above Raspberries, \$1.00 per doz., \$6.00 per 100.

New Continuous-Fruiting Red Raspberry

(If wanted by Parcel Post add 10c. per doz.)

Fruits from June to Frost.

It is the earliest of all red raspberries; beginning to ripen in New Jersey from June 15th to 20th—just as the strawberry crop is waning.

It is wonderfully prolific; the first or main crop being far greater than that of any other red variety known; it succeeds upon all soils, and the canes are absolutely hardy.

It fruits on the old canes in generous quantities until late in August. By that date berries begin to ripen upon the young canes, which continue to produce berries in increasing numbers until severe frost.

The berries are a bright crimson, of large size and surpassing quality—rich sugary, with full raspberry flavor. They are of exceedingly meaty, firm texture and keep in good condition longer after being gathered, than any other red raspberry.

Price, strong transplanted plants, \$1.50 per doz., \$8.00 per 100.

Henderson's Tested Vegetable Seeds

INCLUDING VARIETIES ADAPTED TO SOUTHERN AND PACIFIC COAST STATES

SPECIALLY SELECTED
FOR AUTUMN SOWING

NOTE THIS LIBERAL OFFER. We will deliver, transportation paid in the U. S. and possessions. Vegetable and Flower Seeds by the packet, ounce, quarter-pound, pound, pint and quart. On larger quantities (half pecks and over) purchaser pays transportation. We also deliver, transportation paid, all Lawn Grass Seed mixtures in any quantity.

In making this Free Delivery offer we reserve the right to ship the goods by Parcel Post, Express or Freight, at our option. When such mailable goods as we do not offer to deliver free are wanted by Parcel Post, postage must be added at the zone rate, see page 24.

ASPARAGUS ROOTS

The Asparagus plant is slow to die down in the fall, so that the roots cannot safely be dug until about November 1st. By this time the soil is so cool that the plants do not root readily, consequently many are winter killed. For this reason, we advise spring planting for any point north of Washington, D. C. (Ready in November for the South; in March and April for the North.) Our pamphlet "How to Grow Asparagus" sent post free to any address.

100 2-year-old Roots will weigh about 6 lbs.
100 3-year-old Roots will weigh about 20 lbs.

THE PALMETTO

Splendid 2-year-old roots, \$2.50 per 100, or \$20.00 per 1000. (50 roots at 100 rate, 500 at 1000 rate.)

Three-year-old roots, \$3.50 per 100; \$30.00 per 1000. (50 roots at 100 rate, 500 at 1000 rate.)

GIANT WASHINGTON

Two-year-old roots, \$4.50 per 100; \$40.00 per 1000. (50 roots at 100 rate, 500 at 1000 rate.)

THE HENDERSON LAWN GRASS SEED

The "HENDERSON" Lawn Grass Seed

Sown in the Fall Produces Enduring Turf Which Withstands Summer Droughts.

The fall season is especially favorable to the growth of young grass, for at that season the seeds have the benefit of thoroughly warmed ground and a copious rainfall, which hastens germination and enables the grass to become firmly established before winter sets in. Then, on the opening of spring, the grass immediately recommences its growth, takes full possession of the ground, and prevents weeds from obtaining a foothold. A lawn grown in this way will endure summer drought much better than a spring-sown lawn.

The "HENDERSON" Lawn Grass Seed has been thoroughly tested by country wide use, for more than half a century. It is the fruit of years of experience and close study of American conditions, and is undoubtedly the best for the American climate. It is composed of fine-leaved, dwarf, evergreen grasses, which produce a closely interwoven, firm, deep and elastic turf, that will maintain from year to year, a covering of enduring green. Such results can be obtained only by sowing a combination of grasses, which

DELIVERED FREE IN THE U. S., .40c. per qt., .75c. for 2 qts., \$1.35 for 4 qts., \$2.25 for peck, \$8.00 per bus. of 20 lbs. (By parcel post, express or freight, at our option).

HENDERSON'S LAWN GRASS MIXTURES for SPECIAL Situations

All Grass Seed Mixtures Are Delivered Transportation Paid in the U. S., by Express, Freight, or Parcel Post at Our Option.

"TERRACE SOD" Lawn Grass Seed for terrace and embankments; 45 cts. per quart; \$1.50 for 4 quarts; \$2.75 per peck; \$10.00 per bushel of 20 pounds. *Delivered free in the U. S.*

"SHADY NOOK" Lawn Grass Seed for shady places; 50 cts. per quart; \$1.75 for 4 quarts; \$3.25 per peck; \$12.00 per bushel of 20 pounds. *Delivered free in the U. S.*

"SUNNY SOUTH" Lawn Grass Seed for southern states; 50 cts. per quart; \$1.75 for 4 quarts; \$3.25 per peck; \$12.00 per bushel of 20 pounds. *Delivered free in the U. S.*

"ATHLETIC FIELD" Grass Seed Mixture; 55 cts. per pound; \$45.00 per 100 pounds. *Delivered free in the U. S. Sow 100 to 150 pounds per acre.*

"SEASIDE" Lawn Grass Seed for sandy soil and saline surroundings; 35 cts. per quart; \$1.25 for 4 quarts; \$2.00 per peck; \$7.00 per bushel. *Delivered free in the U. S.*

"PUTTING-GREEN" Grass Seed Mixture for golf-courses; 80 cts. per

arrive at their best during different months of the year, so that the lawn is perpetually covered with verdure. It is impossible to make a good lawn by sowing seeds of a single variety, such as Kentucky Blue Grass, for example, which grows very sparsely and loses color in midsummer. Only by sowing an intelligently arranged combination of grasses can a permanent greensward be maintained.

The quantity required for new lawns is from 6 to 7 bushels per acre. For a plot 10 x 20, or 200 square feet, use 1 quart. For renovating old lawns, use one-half of above quantity. *Full instructions in every bag and package.*

The "HENDERSON" Lawn Grass Seed is in reality as cheap as any other, notwithstanding its superior quality, for, while many mixtures on the market weigh only 14 pounds to the bushel, the "HENDERSON" Lawn Grass Seed weighs 20 pounds per measured bushel, being entirely free from chaff and other foreign matter.

DELIVERED FREE IN THE U. S., .40c. per qt., .75c. for 2 qts., \$1.35 for 4 qts., \$2.25 for peck, \$8.00 per bus. of 20 lbs. (By parcel post, express or freight, at our option).

pound; 25 pounds (1 bushel), \$18.00; per 100 pounds, \$70.00. *Delivered free in the U. S.*

"TOUGH TURF" Grass Mixture for tennis courts, croquet grounds and bowling greens; 45 cts. per quart; \$1.50 for 4 quarts; \$2.75 per peck; \$10.00 per bushel of 20 pounds. *Delivered free in the U. S.*

Special Mixture for Tees.—Sow at the rate of 10 lbs. to 1000 square feet. Price per lb., 55cts.; 100 lbs., \$45.00.

Special Mixture for Bunkers.—Price per lb., 60 cts.; 100 lbs., \$50.00.

Special Mixture for the Rough.—Price per lb., 45 cts.; 100 lbs., \$35.00.

Polo Field Grass Seed Mixture.—The refreshing green, and close turf—which have attracted the attention of thousands of patrons of the principal Polo Grounds of the Country—were produced with this mixture. *Sow 150 lbs. per acre.* Price per lb., 55 cts.; 100 lbs., \$45.00.

HENDERSON'S FERTILIZERS

BONE FERTILIZERS

Decompose slowly in the soil; form permanent improvement.

Quantity Required. For lawns, pasture and moving lands, 1-2 to 1 ton per acre. For trees and vines, 2 to 4 quarts each. For field and garden crops, 3-4 to 1 ton broadcasted and harrowed in. For rose beds, pot plants, etc., one part to about fifty of soil.

Bone Meal. This is ground very fine, decomposes rapidly in the soil and is more quickly beneficial.

Price, 5-pound, 50cts., packed weight 6 pounds; 10-pound, 75 cts., packed weight 11 pounds; 25-pound bag, \$1.50; 50-pound bag, \$2.50; 100-pound bag, \$4.50; per ton, \$65.00.

Blood and Bone. A very high grade fertilizer and superior for immediate as well as prolonged results.

Quantity Required. When broadcasted and harrowed in use from 1-2 to 1 ton per acre. For garden crops drill in 300 to 500 pounds per acre.

Price, per 100-pound bag, \$4.25; 200-pound bag, \$8.00.

HENDERSON'S GARDEN FERTILIZER

Easily applied by sprinkling over the surface of the soil and raking in a 10-pound package is sufficient for a space 15 x 20 feet for one application, or 1000 to 1500 pounds per acre. Instructions on each package.

Price, 5-pound package, 50c., packed weight 6 pounds; 10-pound package, 75c., packed weight 11 pounds; 25-pound bag, \$1.50; 50-pound bag, \$2.50; 100-pound bag, \$4.75; 200-pound bag, \$9.00; per ton, \$75.00.

THE "HENDERSON" LAWN ENRICHER

The Henderson Lawn Enricher is clean and odorless. It should be sown broadcast in the spring or fall.

Quantity Required. For a new lawn a 10-pound package is sufficient for an area of 300 square feet or 1,000 to 1,500 pounds per acre, or half quantity for renovating an old lawn. Apply if possible just before rain. If applied during the summer use half the quantity, and water in thoroughly with a hose.

INSECTICIDES FOR AUTUMN AND WINTER SPRAYING

*NOTICE—Articles prefixed by * must be shipped by Express—Cannot be mailed.

NICOTINE FUMIGATOR (Halls) FOR GREEN HOUSES. 12½%

Nicotine. A simple and effective preparation for fumigating greenhouses, for plant-lice and thrips. It is specially prepared tobacco powder, which has been treated to insure proper burning qualities and which is saturated with pure Nicotine. Price, 10 lb. tins, \$8.75; 2½ lb. tins, \$2.75; 1 lb. tins, \$1.35. For packed weight add 1 lb.

***NICOTINE SOLUTION 40% FREE NICOTINE (Halls.) For Spraying and Vaporizing in Greenhouses.** An efficient preparation of purified free Nicotine for the control of plant-lice and similar soft-bodied insects. It is used in greenhouses as a spray for the same purpose as Nicotine Sulphate is used for outside work. Being in the volatile, or free state, it is also used as a fumigant by vaporizing in any convenient manner. Price, 8 lb. tins, \$15.00; 2 lb. tins, \$4.25; ½ lb. tins, \$1.40.

***NICOTINE SULPHATE SOLUTION (Halls) AS A SPRAY.** This is a concentrated solution of Nicotine in the form of Nicotine Sulphate containing 40% of actual Nicotine by weight. It is practically non-volatile and should be used for all outdoor spraying and dipping, where Nicotine is effective, but should not be used for vaporizing. Nicotine Sulphate may be combined with Arsenate of Lead, Lime Sulphate, Bordeaux Mixture or oil emulsions. Price, 10 lb. tins, \$13.50; 2 lb. tins, \$3.50; ½ lb. tins, \$1.25; 1 oz. bottle, 35c.

***LIME SULPHUR SOLUTION.** For scale insects on trees and such fungus bark diseases as can be treated in winter. Dilute and spray with a spray pump while trees are dormant, in fall, winter or spring. Can be used

PARCEL POST RATES—SHIPPING, &c.

HENDERSON'S PULVERIZED SHEEP MANURE

Price, in packages, 5 pounds, 50c., packed weight, 6 pounds; 10-pound, 75c., packed weight, 11 pounds; 25-pound bag, \$1.25; 50-pound bag, \$2.00; 100-pound sack, \$3.75; ton of 2000 pounds, \$60.00.

Quantity Required. For garden and field crops, 1 to 2 tons per acre—½ before plowing, the balance before harrowing. For top-dressing, use 1 ton per acre in fall or early spring.

ASHES, Canada Hard Wood. Indispensable for all crops requiring potash. Apply 1 to 2 tons per acre. Price, per 100-pound bag, \$2.50; 2000-pound-ton, \$40.00.

HENDERSON'S HOUSE PLANT FERTILIZER

A safe, clean and high-grade fertilizer, free from disagreeable odor. Price, 12-oz. package, sufficient for 25 ordinary-sized plants for one year, 30c. Post Paid.

HENDERSON'S GREEN MANURE SEED MIXTURE

The Ideal Cover Crop

For the Home Garden

Since the horse has been relegated to the background, and the automobile has taken its place it has become almost impossible for the home gardener to obtain manure. We have made a combination consisting of various rapid growing plants and legumes which will completely fill the deficiency of humus, and at the same time add nitrogen to the soil.

Such a crop will also prevent washing out and leaching during winter. The time for gardeners to plant is the early fall in order to secure germination before frost. The seeds may be broadcasted, or if the last of the crops has not been removed, sown between the rows. In April or as soon as the ground can be worked, spade under and mix it well with the soil. While the mixture will usually be sown in the fall, it may also be sown in the spring or summer if the plot is not wanted for early crops. If sown then, the plants should be allowed to attain a growth of about a foot in height before being spaded under.

Sow at the rate of 1 pound for 1,000 square feet.

1 lb., 50c. 2 lbs., 95c. 5 lbs. \$2.35. 10 lbs. \$4.25, postpaid. By express or freight, 25 lbs. \$9.50, 50 lbs. \$18.00, 100 lbs. \$35.00.

For the Market Garden

strong during mid-winter, but earlier or later dilute it 1 gallon to 40 to 60 of water. Price, quart can, 55c.; gallon, \$1.25; 5 gallon can, \$4.25; barrel of 50 gallons, \$16.00.

LIME SULPHUR (Powdered). For dormant spraying of fruit and shade trees and bushes against San Jose and Oyster Shell Scale; also for peach leaf curl and brown rot of peaches. Has all the effectiveness of liquid Lime Sulphur, and is much easier to handle. 1 lb. makes 3½ to 5 gallons. Price, 1 lb. packages, 40c.; 5 lbs., \$1.40; 10 lbs., \$2.25. For packed weight add one pound. 25 lbs., \$4.75; 100 lbs., \$15.00.

***SCALE DESTROYER (TARGET BRAND).** Dormant Spray for San Jose and Oyster Shell Scale. Highly effective for Leaf Roller, tree infesting scale and most soft-bodied sucking insects. No disagreeable odor, no clogging of nozzle or burning of eyes like Lime Sulphur. May be used in spring or fall. Mixes easily without sediment. Spreads and creeps into crevices of rough bark. Dilute 1 gallon to 20 gallons of water and it's ready to apply. 1 qt., 60c.; 1 gal., \$1.45; 5 gals., \$6.45; 30 gals. bbl. \$26.00; 50 gal. bbl., \$38.00.

***SULCO-V.B.** A combined contact insecticide and fungicide of unusual merit for the control of San Jose and other scale insects—aphis, white fly, pear psylla, red spider, red bug, leaf blister, mite, thrips, citrus rust mite, cabbage lice and fungus spores causing peach leaf curl, brown or rope rot of peach and other stone fruits, apple and pear scab, smut and Mildew in various plants, etc. Dilute—1 to 25 and up to 100 according to requirements. Price, quart, 60c.; 1 gal., \$1.75; 5 gals., \$7.00; 10 gals., \$12.50; 30 gals., \$25.50; 50 gals., \$37.50.

Parcel Post packages must not exceed 70 pounds in weight for the first three zones, and 50 pounds for the other zones, and the size limit is eighty-four (84) inches for combined length and largest girth.

Packages weighing 8 ounces or less are mailable at the rate of 1c for every two ounces, regardless of distance; but if the weight is more than 8 ounces the pound rate applies.

In accordance with the universal custom of the seed trade Peter Henderson & Co. do not give a warranty on any of the Seed Bulbs, Roots, etc., they send out; neither can they be responsible for the crops, owing to the circumstance that after leaving their hands they have no control over the care, planting or cultivation of the same.
